GETTING NEARER WAR

Transvaal Situation Growing More Complicated Day by Day.

PEOPLE ALARMED.

Women and Children Are Leaving on Account of the Seriousness of the Situation--Raid of the Boers Is Feared.

Cape Town, Aug. 30.—Owing to the continued tension and warlike conditions trade in many places is practically at a standstill and great distress prevails among the poor classes, both at Johannesburg and here.

It is reported that 200 horses which were disembarked at Delagoa bay, presumably for the Transvaal, have been held pending instructions on the subject.

A pitiful scene was witnessed at the railway station on the arrival from Johannesburg of 150 children whose parents are too poor to come themselves. It is estimated that 15,000 people have left the Transvaal since the crisis began.

In the house of assembly the government announced that it was considering a proposal to afford greater facilities for women and children to leave Johannesburg.

Bechuanaland is in a state of ferment owing to the fears of a Boer raid. Col. Baden-Powell's forces there are wholly inadequate to protect such an extended frontier, and the Boers appear to be quietly concentrating in the western part of the Transvaal.

A Boer spy has been arrested in Ramatlabama camp, in British Bechuanaland.

It is said that General Jonbert, the commander-in-chief of the Transvaal forces and vice president of the republic, is credited with the statement that although he is personally desirous to do everything to preserve peace, the situation is such that the republic must be prepared for war.

An Alarming Turn.

London, Aug. 30.—The Pretoria correspondent of the Daily Chronicle, telegraphing says:

Events have taken an alarming turn. Great Britain, at the request of the Uitlander's council, has enlarged the original demands of Sir Alfred Milner, the British high commissioner, and is adopting the view of Cecil Rhodes that President Kruger will never withstand an ultimatum.

I have, however, high authority for asserting that President Kruger, the veldknaap and the nation will unitedly resist an unconditional demand for giving effect to the Milner programme, but will concede reforms on the conditions already reported.

BECOMING ALARMING.

Government Troops Defeated in Santo Domingo by the Revolutionists.

Cape Hayti, Aug. 30.—News has reached here from Santo Domingo confirming the defeat by the revolutionists of General Peppin of a government force, who lost 30 men killed and had 40 of his men captured. In addition, General Peppin was compelled to abandon a convoy of provisions.

Further fighting has taken place near Monte Christi between the revolutionists and government troops commanded by General Guelentin. Details of this engagement have not reached here.

Electric Switch Light.

Dallas, Aug. 30.—In the near future the Missouri, Kansas and Texas will have in use at several important points on the system its own electric light plants. The idea has been under consideration for some time, and it is said that the company has about perfected arrangements for putting in the plants. In case this is done all their switch lights at the larger points will be lighted by electricity.

Found Dead in a Wagon.

Wichita, Kas., Aug. 30.—John Gorath, a farmer living near Colwich, was found dead in a wagon with a bullet in his head. He rode out from Colwich with a gang of threshing machine men, one of whom, Bud Hatfield, is charged with shooting Gorath. It is thought he was shot for some money he had on his person. Four arrests have been made.

Satisfactory Trial Trip.

Lewes, Del., Aug. 30.—The builders' trial trip of the battleship Alabama resulted in the development of a maximum speed of 17½ knots. The trial was satisfactory in every respect. Several officers of the Russian navy who were aboard expressed favorable opinions of the Alabama's seagoing qualities.

Lake McDonald.

Austin, Aug. 30.—The water in Lake McDonald continues to fall and unless the drought is broken very soon Austin will have a repetition of last year, when the power failed and the street cars resorted to mules and electric power and water were at a premium.

MOBBING NEGROES.

Whites in Illinois Kill Two and Run Nineteen Away from Work.

Rockford, Ill., Aug. 30.—Two of the three negroes injured in an altercation with white men employed in ballasting work along the Illinois Central tracks near this city, are dead. The third negro who was injured has not been brought to this city and his condition is not known. [The colored people of Rockford held a meeting in the African M. E. church denouncing the killing of the two men and calling upon the authorities to take prompt and vigorous action. Committees were appointed to help the city authorities in searching for the guilty parties. Coroner F. M. Marsh impaneled a jury and began the inquest, but adjourned it until Saturday because of a lack of evidence.]

One of the dead negroes is Moses Lee. He was picked up unconscious near the Illinois Central tracks west of the city, and was taken to the hospital. There were cuts about his face and also a scalp wound. The second negro is supposed to be George Woodward of Bolivar, Tenn. He died from the effects of three cuts on his face and a deep gash on the neck, all of which appear to be from a blunt instrument.

The 19 negroes driven from the camp and who came starving to this city Monday morning have been housed and fed by the police. Most of them are from Tennessee and Mississippi.

NEW BILLS OF HULL.

Three Battalion Regiment He Says Can Pass the House.

Chicago, Aug. 30.—Congressman J. A. Hull of Des Moines, Ia., chairman of the military committee of the last hour of congress, and who was accompanied by Congressman Paine of New York, chairman of the congressional Alaskan commission to Alaska, is in the city. Congressman Hull, speaking of measures to be considered by the next congress said he would introduce a military bill similar to his so-called "Hull" bill in the next house. "I believe that the three battalion regiment will find favor with the house," said he. "The last congress provided for 30 regiments and 23 have been raised. Every regiment should have 1300 men. Congress will certainly have a military bill which will provide for a three battalion regiment and a provision allowing the president to increase the present 50,000 fighting strength to 100,000, if necessary. A monetary measure will be introduced and I think congress will pass a bill establishing civil government in Porto Rico and a similar government in the Philippines subject to the military authority if hostilities come to an end soon enough. I believe the Cubans desire annexation."

SQUIRE FOR EXPANSION.

Says Such a Policy Would Benefit the Pacific Coast.

New York, Aug. 30.—Ex-Senator W. C. Squire of Washington, who is about to leave for Seattle, said:

"I am an expansionist. I would not be happy without it. The gold in Alaska and the other minerals as well as the wealth of lumber, have given that country a great impetus and the United States is benefited thereby. I believe that under the wise control and guardianship of the United States the Philippines would expand and grow and flourish wonderfully as will Hawaii and our other possessions. All of this traffic must go through the Pacific coast cities and Seattle is situated in an ideal position to reap a wholesome harvest. I think that the people of that section of the country realize this and much capital is being invested in permanent enterprises that will help the country wonderfully. The people are happy and labor is hard to get at any price. I am going home to participate in the jubilee."

Druggist Heavily Fined.

La Plata, Mo., Aug. 30.—John W. Williams, druggist, was found guilty of illegal sale of liquor on 14 counts in Police Judge Winters' court and fined \$1400, the heaviest verdict returned in a whisky case in the county since the election of John Late as marshal on July 21. A determined warfare has been carried on against the illegal sale of intoxicants and a number of the druggists have been arrested and fined. In retaliation the druggists filed charges against Police Judge Winters for oppression in office and against Marshal Lane for illegally collecting fees. They were released on their own recognizance to appear before Justice P. D. Bunch.

Ordered to Attack Imus.

Manila, Aug. 30.—It is reported that Aguinaldo has ordered the rebel generals to take the town of Imus, and it is added that troops are concentrating around the town from the lake country. The rebels, it is further said, have an outpost of 700 men on the Das Marinas road and an equal force in the town of Anabo.

Too Much for Burley.

Portland, Ore., Aug. 30.—James Jeffords, the big heavyweight, knocked out Nick Burley of this city in two minutes at the Olympic Athletic club. Jeffords weighed 200 pounds and his

BARRING WOMEN.

Heads of Departments at Washington Invariably Seek Male Help.

Washington, Aug. 30.—Women are being practically barred out of the government service in the departments at Washington. There is no concerted action among the heads of departments and chiefs of bureaus here to exclude women from appointment, but whenever there is a place to be filled the head of the office almost invariably asks for a man. This right to discriminate between the sexes is recognized by the civil service regulations, and when a requisition is made for a man clerk, stenographer or typewriter, the commission certifies only the names of men.

Civil Service Commissioner Harlow said that the commission had a long list of excellent women stenographers and typewriters eligible for appointment, but they could not get the appointing officers to take them.

"There are many little reasons," said Mr. Harlow, "which seem to influence the heads of government offices to prefer men to women. The principal one, perhaps, is that while women may do as well during the regular working hours, if there is a rush and it is necessary to work overtime, the work can be crowded on the men better than on women. The women are not so willing to work over hours and the heads of offices feel more reluctant in asking them to do so than is the case with men."

Chief Examiner Servin of the civil service commission, told me there were many reasons, small in detail, but important in the aggregate, which influenced heads of government offices to prefer men to women.

"The heads of offices," said he, "prefer men partly because in the event of a rush they can work the men harder they would like to work women."

"In addition to this it is found that women cannot adapt themselves to as great a variety of work as can men. They may be all right in a certain line, but when they are put on something else it is very hard for them to get the hang of it. They are also inclined not only to insist on having all the privileges in the way of vacations and sick leave to which they are entitled, but they often expect special consideration and special favors. Of course there are exceptions, and many women are very efficient, but the heads of offices where both men and women are employed almost invariably ask for a man when they are filling a vacancy."

LITTLE INTEREST.

Dreyfus Trial Develops No Sensational Features at the Session.

Reims, Aug. 30.—At the opening of the courtmartial trial of Captain Alfred Dreyfus this morning, M. Paul Meyer, a member of the institute and a director of the school of ancient manuscripts, was the first witness called. He deposed in favor of Dreyfus. Moliner, Giery and M. Picot, members of the institute, all testified in favor of Dreyfus. General Deloye testified against the prisoner on the artillery references in the bordereau.

Then the court on the application of the government commissary, Major Carriere, ordered the opening part of tomorrow's session to be behind closed doors for the purpose of discussing documents relating to the artillery.

Beat His Crippled Child.

Fayetteville, Ark., Aug. 30.—City Marshal Duggan arrested Jim Whitten for beating his 13-year-old boy. Saturday Whitten, who keeps a little grocery, sent the boy out to the Berry farm three and a half miles from town, telling him to back in an hour and a half. The boy being a little longer returning, Whitten beat him unmercifully. A warrant was immediately issued and served on Whitten, who asked for a little time to see his wife, and it was allowed. Not returning, the officers made a search for him and found he had escaped. The injured child is a cripple, and neighbors say it was the result of the father's abuse. There is considerable talk of lynching if Whitten is captured.

Peace Is Urged.

Cape Town, Aug. 30.—In spite of the persistent warlike rumors there is good prospects of peace. It is believed that several strongly worded communications have been addressed to President Kruger of the Transvaal republic urging the desirability of using every effort to obtain a peaceful solution of the trouble. Hon. W. P. Schreiner of Cape Colony, has telegraphed President Steyn of the Orange Free State earnestly expressing the hope that peace will be preserved and declaring his confidence that President Steyn would do his utmost to this end.

Horsemen's Fatal Collision.

Columbia, Mo., Aug. 30.—An unusual accident occurred at Red Top church, eight miles northeast of here, where two horsemen collided with probably fatal results for both. H. Winscott, son of a Boone county farmer, is dead, and Shannon Johnston is seriously injured. Both were riding rapidly in opposite directions and ran into each other on a narrow bridge. Both men were thrown from their horses. Winscott's neck was broken.

Peru Is Disturbed.

New York, Aug. 30.—A dispatch from Lima, Peru says: There is active recruiting everywhere and the government continues to send troops to the interior. It is impossible to bring any one down from Cerro Pasco as all the muleteers are hiding. Business is at a stand still and the mines are shutting down. It is also reported that there is a factor near Cerro Pasco which is unfavorable to the government troops, but this report is not yet verified.

Mrs. L. S. Ross' Residence Burned.

Waco, Tex., Aug. 29.—The handsome residence of Mrs. L. S. Ross, widow of the late ex-Governor Ross, was destroyed by fire this morning with its contents. The family were out of the city and the fire is believed of incendiary origin. The loss will be very heavy, as many valuable family relics and important papers were destroyed. The insurance on house and contents is \$2700, which will not cover one-fourth the loss.—Houston Post.

Mrs. Ross and son, Mr. Nevil Ross, are here visiting Mrs. Frank Clarke. Their many friends in Bryan and College learn with profound regret of the destruction of their home.

For accident and life insurance either in lodges or straight life companies see Joe B. Reed. Also sells flour, rice and coffee. tf

A Mechanical Wonder.

Mr. Joseph Pasler, a prosperous German-American citizen who resides in the western suburbs of Bryan, has on exhibition at his place a mechanical wonder of such ingenious contrivance as to render an adequate description exceedingly difficult. Mr. Pasler has resided in this county sixteen years and this wonderful piece of mechanism represents his work at odd hours for thirteen years. There are sixteen diminutive moving figures of men and women employed in the contrivance which operates by means of wheels and belt chains, the motive power being a windmill, which is in itself alone a rare evidence of Mr. Pasler's mechanical skill. The sixteen figures are represented as engaged in various kinds of work. There is a grist mill, a man carrying corn upstairs, a miller with his "toll dish," one woman pouring grain into the hopper from a sack and another holding a sack to catch the grist; a woman churning and another waiting with plate and glass for the butter and milk; several negro figures working cross cut saws; a woman holding a baby in her arms and gently shaking it to soothe it in a way that mothers have when children are sick or cross; a negro splitting wood on a block with an axe; an old fashioned stone crusher and a man with a shovel represented as shoveling stone. Besides all these there is a bell ringer, who by a neat contrivance, gives the signal for all the others to go to work. The motions of the figures vary naturally with the kind of work each does. Altogether the contrivance is a wonder well worth seeing, and affords immense pleasure to children.

Mr. Suber of Providence, visited friends at Bethel Tuesday.

Miss Leila Griffin of Bryan, has been visiting in our community the past week.

W. S. McClung is on the sick list.

Miss Maud Davis is on the sick list. She has made preparation to attend school at Belton next term, and we hope she will recover before the appointed time.

Quite a lot of the young people of Bethel, assembled at the residence of Rev. McClung Saturday evening where they spent the evening in pulling candy.

Nautae.

For Mayor.

The Eagle desires to direct attention this morning to the announcement of Dr. R. H. Harrison as a candidate for mayor of Bryan at the ensuing city election, Tuesday, Sept. 12. Dr. Harrison is a native of Grimes county, but has been identified with the interests of this county many years. He attended the A. and M. College three years and subsequently graduated in medicine from the University of Nashville. He has practiced his profession five years in this county and three years in this city, and has won a high place in the esteem of the public, having been successful from the first. He is aggressive and business like, and if elected, we believe he would serve the city satisfactorily and creditably.

Col. Edmonds Elected Commandant.

Col. J. C. Edmonds of Sherman, has been elected commandant of cadets and professor of military science of the Agricultural and Mechanical college. Col. Edmonds was formerly mayor of Sherman, and later colonel of the Fourth Texas Volunteer infantry, now mustered out. He is a man of experience and prestige, widely known in the state, and his record while connected with the volunteer army evidences his capacity for military affairs and his fitness for the important duties of his new position.

DEMOCRATS OF OHIO.

They Assemble at Zanesville to Name a Full State Ticket.

BRYAN IS THE IDOL.

His Portraits Are in Evidence Every where—Platform Declares for His Renomination and for the Chicago Platform.

Zanesville, Aug. 30.—The Memorial hall was packed when Hon. W. S. Thomas, chairman of the Democratic state committee, called the state convention to order this morning. A great many were unable to gain admittance. The decorations were elaborate. Bryan portraits were in evidence everywhere. Over the stage there were life size portraits of the favorite for president.

In the opening prayer Rev. Kearney, a Catholic, prayed most earnestly for the deliverance of the Filipinos from "brute force," now being inflicted upon them. The prayer was so radical and forcible throughout, that it brought forth rounds of most vociferous applause.

Judge W. P. Mooney, temporary chairman of the convention, was then introduced and his speech was received with great ovation.

The vote to substitute the minority for the majority report was defeated by a vote of 341 to 389. The result of the ballot caused quite a stir as it was the first open test of strength. The majority report was then adopted.

The platform reaffirms the Chicago platform; demands free coinage; indorses Bryan; declares against imperialism; opposes entangling alliances; praises the American soldiers; denounces the republican party, trusts and Hanna bosses favors the initiative and referendum says a large standing army is a menace to the country; denounces unlawful combinations of capital as the fruit of Republican legislation and censures the attorney general appointed from New Jersey as from the hot bed of trusts, for his refusal to enforce the statutes of the United States.

The McLean delegates have controverted the convention, but are liberal as to the ticket to be nominated, unless the other factions tend to combine against them.

ALTGELD TO SPEAK.

Will Try and Bring the Democratic Factions Together.

Chicago, Aug. 30.—Harmony in the ranks of the Democracy will supply the leading theme of a series of speeches to be delivered in New York and other cities in the east by Ex-Governor John P. Altgeld during the next two weeks. Mr. Altgeld will leave Chicago on his eastern trip Friday and goes to preach the gospel of peace in the party ranks. According to Nuber Gottlieb, who was chairman of the Altgeld organization during his recent municipal campaign of the ex-governor, and who speaks by authority, says there is complete unity among all branches of the nation's Democracy and forecasting a union of Democratic hosts in 1900 as a certainty can be expected from Mr. Altgeld when he speaks at the big Labor Day demonstration for which he is scheduled in New York next Monday night.

Indicates Shackelford's Election.

Jefferson, City, Mo., Aug. 30.—Income returns received from the Eighth Missouri district, in which an election was held yesterday to fill the unexpired term in congress of Richard P. Bland, deceased, shows that Dorsey W. Shackelford, Democrat, has been elected over W. J. Voshell, Republican, by 2200 plurality.

Randsdell Elected.

Monroe, La., Aug. 30.—The election in the Fifth congressional district of Louisiana resulted in the election of J. E. Randsdell, Democrat, by a large majority.

Wreck on the Katy.

Erie, Kas., Aug. 30.—Two men were killed and four others were injured fatally in a freight wreck on the Missouri Kansas and Texas railroad two miles south of here. The bridge gave way. The dead are: Dougherty of Commerce Mo., and an unknown man from Colorado. The injured included Heiber Smith of Altamont, Kas., and two unknown men stealing a ride, one being fatally hurt.

Assaulted While Asleep.

Fort Worth, Tex., Aug. 30.—S. P. Wood of this city, who is keeping a store for John B. Boyd, at Arlington while sleeping at the Boyd cottage Thursday night was assaulted by two white men and chloroformed and left on the floor unconscious, and the building was fired. The flames were discovered and Wood was rescued. He was brought to the hospital here. He is probably fatally burned.

Wisconsin Almost Ready.

San Francisco, Aug. 30.—The big battleship Wisconsin will be ready for her trial trip inside of a fortnight or three weeks. Had it not been for the delay in getting the conning towers from the east, the Wisconsin would now be ready for her initial trial.

Montgomery in Collision.

Rio de Janeiro, Aug. 30.—The steamship San Salvador came into collision with the United States cruiser Montgomery, causing some damage.

LEARY'S PROCLAMATION.

He Tells the Natives of Guam What They Can Expect Under New Regime.

Baltimore, Aug. 30.—Captain Richard P. Leary, United States navy, a native of Baltimore, has arrived at Guam, Ladrones islands, and has established the sovereignty of the United States. A letter received here incloses a copy of the first proclamation of Captain Leary, as governor of the island, to the natives. It is in part as follows:

"That you, the inhabitants of Guam, are hereby informed that in establishing a new political power, the authority of the United States will be exerted for the security of person and the property of the people of the island, and for the confirmation of all your private rights and relations. That all political rights heretofore exercised by the clergy in dominating the people of this island are hereby abolished and every one is guaranteed absolute freedom of worship and full protection in the lawful pursuits of life, so long as that protection is deserved by actual submission to and compliance with the requirements of the government of the United States.

"That all public lands and property and all rights and privileges on shore or in the contiguous waters of the island that belonged to Spain at the time of the surrender now belong to the United States, and all persons are warned against attempting to purchase, appropriate or dispose of any of the aforesaid properties, rights and privileges without the consent of the United States government. That for the present preservation of law and order the existing laws not conflicting with the provisions of this proclamation will continue in force until modified or annulled by competent authority, and all persons are enjoined to render prompt and cheerful obedience to the same in order that the blessings of good government, coupled with happiness and prosperity for the greatest good of the greatest number may be the heritage of all residents of the island as worthy citizens of the island of Guam under the free flag of the United States."

Fleece Three Times.

Chicago, Aug. 30.—Manford Hedges, a farmer from Morris, Ill., fell into the hands of confidence men on his arrival here, and was robbed three times in one day. Hedges was met by a man, who is said to have secured \$30 from the farmer by selling him a ticket to St. Paul, on the representation that it was good to Carrington, N. D. Hedges then accompanied the runner to a clothing store on Clark street, and was induced to pay \$20 for a plated gold watch, not worth \$2. His companion then called the driver of an express wagon, who, he told Hedges, would take him to the depot. The expressman drove the farmer along Michigan avenue and through State street, charging him \$1 for the ride and \$2 for acting as guide.

No Cattle Trust.

Austin, Aug. 30.—A. P. Bush, of Colorado, Tex., ex-president of the Cattle Raisers' association, is here, and states that the so-called cattle and ranch syndicate, which George B. Loving is attempting to organize, is nothing more than an effort on the part of Mr. Loving to sell a number of valuable ranches, upon which he has secured options. Mr. Bush says that there is nothing savoring of a trust in the proposed transaction, and that the big deal is legitimate, in every respect, and if successful, will be of benefit to the state, as it will mean the investment here of a large amount of additional capital. The cattle and ranches upon which Mr. Loving holds options are all located north of the state quarantine line.

Mexican Killed.

Amarillo, Tex., Aug. 30.—As a result of a difficulty between two Mexicans on one side and a white man on the other, in which knives and pistols were used, Pedro Porralis, a Mexican, lies dead at an undertaker's. Lewis M. McGee surrendered to Sheriff Hughes badly bruised and cut about the head. McGee waived examination and was bound over to await the action of the grand jury. The other Mexican is in jail awaiting investigation by officers.

A Competitive Line.

Anam, Panama, Aug. 30.—Advices from Guatemala state that the agency of the Kostos line of steamers has made the announcement there that the steamer Tanis, leaving Hamburg on Sept. 15, will inaugurate a service to San Francisco via Central American and Mexican ports in competition with the Pacific Mail Steamship company's service.

Baron Grant Dead.

London, Aug. 30.—Baron Albert Grant, a promoter, is dead. Grant was the Hooley of his day. Grant was best known in connection with the Emma silvermine scandal. The capital was fixed at 1,000,000 shares of £20. The mine turned out to be worthless. Only shillings per share was saved from the wreck.

Died of His Wounds.

Eagle Pass, Tex., Aug. 30.—Pedro Gomez, a prominent Mexican of this city, who was stabbed during a fight last Saturday night, died from the effect of his wounds. His assailant made his escape to Mexico.

Big Order from Abroad.

Cincinnati, Aug. 30.—A local firm has received an order amounting to \$500,000 from a French company for electric railway generators, to be shipped to France, China and South Africa.

The Newark at San Francisco.

San Francisco, Aug. 30.—The United States cruiser Newark, which was blown out of her course and ran short of coal while rounding the Horn, has arrived here.

TEXAS APPOINTMENTS.

Boys Who Get Commissions in the New Volunteer Army.

Washington, Aug. 30.—The following army appointments from Texas are announced:

To be captains—John W. Moore, late captain of company H, First Texas, Thirty-eighth; A. F. W. McManus, late captain of company E, First Texas, Thirty-ninth; W. McK. Lambden, late captain Second Texas, Fortieth; Ed A. Stuart, late major of the Second Texas, Forty-fourth.

To be first lieutenants—Frederick S. Young, late captain company K, Third Texas, Forty-fourth; A. B. Kelley, late captain company H, Third Texas, Thirty-eighth; H. C. Baker, late captain Fourth Texas, Thirty-ninth; John Crotty, late first lieutenant Fourth Texas, Fortieth; M. C. Rayson, late first lieutenant First Texas, Forty-fourth; J. E. Green, late captain company I, First Texas cavalry, Thirty-eighth.

To be second lieutenants—E. G. Abbott, late first lieutenant, company M, Third Texas, Thirty-eighth; John H. Vickers, Jr., late second lieutenant second Texas, Thirty-ninth; Web Fitzpatrick, late first lieutenant Fourth Texas, Fortieth.

Overwhelmed by Applications.

Washington, Aug. 30.—With about 100 commissioned places yet to fill in the ten new regiments under organization, Secretary Root finds himself overwhelmed by applications, even greater in number than the sum total of those received at the beginning of the Spanish American war. It is said at the war department that a large majority of the men who had commissions in the volunteer army in that war are again applicants for service in the Philippine campaign, reinforced by nearly all of those who held noncommissioned places. The same willingness to reenter the service is said to be observable among the enlisted men. Secretary Root has resolved to entertain no personal applications for commissions, and insists on all being proffered through the regular channels.

More Volunteers Return.

San Francisco, Aug. 30.—The transport Grant, bearing the Idaho, Wyoming and Dakota regiments has arrived here. The Grant left Nagasaki, Japan, on Aug. 17.

RIOTING IN CLEVELAND.

Four Street Cars Nearly Demolished and the Crews Forced to Flee.

Cleveland, Aug. 30.—Rioting and disorders broke out last night in connection with the strike on the lines of the Big Consolidated Street railway and four cars were nearly demolished while the crews were compelled to flee for their lives. It was only after determined efforts on the part of 30 policemen under Captain Bradley that order was finally restored.

The first rioting occurred on Central avenue about 6 o'clock. Workmen were returning home from the factories and mills in the vicinity, and a mob of several hundred people soon gathered and the lawless element began to stone two cars that were passing. The motormen and conductors were pulled from the cars and only succeeded in escaping after passing through a gauntlet of rocks and other missiles, one motorman being badly injured. A third car came up and the crew was nearly mobbed by the now frantic crowd. The front and rear vestibules of all the cars were demolished, while every window was broken.

Later in the evening a mob of about 3000 people gathered at the corner of Central and Lincoln avenues, which is a residence portion of the city. The crew of this car was saved from serious injury by the arrival of the police. It is expected many arrests will follow.

May Be Called Off.

Chicago, Aug. 30.—It is quite probable that the boycott against the Kansas City, Pittsburg and Gulf road will be called off by its connections. Counsel for a number of the Chicago-Missouri river roads have, it is said, advised the officers of the companies to obey the injunction issued by the United States circuit court restraining them from cancelling joint rates.

Killed by a Wall.

Laredo, Tex., Aug. 30.—While engaged in tearing down the walls of an old adobe building, the workmen were instructed to undermine the walls so as to facilitate the work. All of a sudden one of the walls fell, killing Patricia Chevaria and hurting two other workmen.

Goods Roads Meeting.

Tyler, Tex., Aug. 30.—A number of successful farmers and merchants over the county have called a county goods roads convention to convene here on Saturday Sept. 9. The convention is being advertised by circulars and personal letters, and a large attendance is expected.

A Cracker Factory.

Sherman, Tex., Aug. 30.—Local capitalists are interesting themselves in the matter of a cracker factory, and are canvassing the field thoroughly. It is estimated by them that the local consumption of crackers in this city is about 350,000 pounds annually.

A Mexican Killed.

Rockport, Tex., Aug. 30.—The first killing that has taken place here in 24 years occurred when Julio Alamia, well known as the leader of the local Mexicans, was shot. After the shooting Jim Upshaw was overtaken and arrested.

Charged With Slander.

Durant, I. T., Aug. 30.—Cas Cameraz was arrested and carried to Atoka on a warrant charging him with slandering a woman.

CLOUDCROFT.

Cloudcroft is in the newly organized county or Otero, N. M., one hundred miles north of El Paso, Texas, on the summit of the Sacramento mountains. It is at the terminus of the Alamogordo & Sacramento railroad. Having an altitude of 9000 feet above sea-level, it commands a magnificent view of the surrounding country. On the north, White mountain is covered with snow the greater part of the year, rearing his hoary head 13,000 feet high; on the west the white sands of the Tularosa valley, which constitute the most wonderful formation in New Mexico and presenting an appearance not unlike white billows rolling in from the sea; and on the south and east boundless forests of spruce and pine swaying on the hills and in the valley below, all taken together form a scenery unsurpassed for its magnificence.

The climate of the Sacramento is simply superb. It is not excelled by that of any other region. The atmosphere is cool and invigorating and absolutely free from impurities.

As evidence of the excellence of the climate of this region of New Mexico, it is only necessary to state that the United States government, after careful investigation of all the country in its vast domain best adapted for a marine sanitarium, selected Fort Stanton.
